

Rental Information for the SUPERFUND Wanderers Softball Field.

Thank you for renting the SUPERFUND Wanderer Softball field at the Spenadlwiese. We are glad that you are here and hope you use the field again.

There are many different groups using our fields and in order to keep them in the best possible shape there are some steps that need to be taken each and every time you are on the field.

1. Before you start to use the field please remove the rubber plugs for second and third base, placing them in the third base dugout and replacing them with the bases.

NOTE: Please respect the dirt and the grass area by standing and taking warm up swings on the turf area before each dugout.

2. After you are finished please remove second and third base, placing them in the third base dugout, and replacing them with the rubber plugs.
3. Then use the supplied drags (1 or 2) to smooth over the dirt area. Please pay particular attention to the holes where the batter and pitchers stand and holes from sliding near 2nd and 3rd base, filling those in level with a rake (should be in or behind one of the dugouts).

NOTE: After completed please leave drags on the dirt, do not carry onto the grass.

Thank you for taking the time to keep our field in the best shape possible.
